

Transform your overwhelmed people leaders into impactful everyday coaches who build collaborative coaching cultures that engage and retain the best people.

Our proven framework – The Coach-Like Leader Method® – gives people leaders clear steps they can master to effectively empower and motivate their teams daily.

It's time to add coaching skills to your people leaders' personal leadership styles with **THE COACH-LIKE LEADER INTENSIVE™**

The Coach-Like Leader Intensive is our **open enrollment solution** for organizations seeking to support a **limited number of leaders** to learn **coaching skills** or experience our content **before bringing it in-house**.

Through online and virtual live training that combines **curriculum, coaching and community-building**, our program utilizes The Coach-Like Leader Method® to equip leaders with the coaching fundamentals they need to unlock their **coaching mindset and skill set** via **dedicated practice**.

Coaching Fundamentals

Onboarding: Communication support to activate leaders' participation.

Live Virtual Coaching Pods:
5 facilitated Live Virtual Coaching Pod Sessions (2 x 1 hour and 3 x 90 minutes) over 8 weeks to practice & integrate coaching skills.

Online Curriculum Platform: 24-hour access to videos, 67 microlearning missions, habit building system & workbook for 6 months.

Establish the foundation of coach-like leadership in people leaders through a shared language and framework.

The Coach-Like Leader Intensive™ is built on our philosophy
– **practice makes progress** –
with deliberate practice and habit building systems at its core.

Delivery & Investment

Program timeframe: 2 months (plus 6 months access to the online curriculum platform). **Participant commitment:** 15 hours.
Investment: \$2,000/person (1-5 participants/organization).

“ I've taken other coaching courses, but The Coach-Like Leader Intensive™ is the best coaching skills programs out there. The online platform was robust and easy to navigate. And the Coaching Pods really brought it all together so we could practice and integrate what we learned.
